## Aim Manuscript submission Subscription

ANNALS OF FOREST RESEARCH publishes research articles and notes, and critical review articles. The papers are peer-reviewed and should be original, of high scientific quality and of international interest. The journal scope is to cover aspects of both basic and applied research of all domains of forestry sciences, and other related sciences, which contribute to forest sustainable management. Correspondence and manuscripts are elaborated according to the ‘Instructions to authors’, available on the journal Website. The manuscripts should be submitted by email or through the Web interface. Subscriptions, orders for back issues and exchange inquiries should be addressed to Editorial Office. Subscription price is 20 Euro per issue and includes delivery costs.
